CUTS RIBBON AT DEDICATION OF NEW HANCOCK BANK

Lisa Wagner, granddaughter of Leo Seal, Sr., president of the Hancock Bank, cut the ribbon at Saturday's ceremonies formally opening the Bank's addition

in Gulfport.

Hancock Bank officials said registration blanks showed over 9,000 visitors toured the Gulfport banking house during open house Saturday.

The bank held a dedication ceremony and open house from 10 a. m. to 6 p. m. to formally

open its new three-story addition and to mark completion of a renovation program in the original structure.

A wooden replica of the first Hancock Bank constructed in Bay St. Louis is on display on the east side of the present bank structure in Gulfport.

School Trustees For North Central Are Selected By Board

School trustees for North Central were appointed by the Hancock County Board of Education at its regular meeting Monday.

David Baker, Leetown, was appointed to serve for one year; J. D. Ladner, Dedeaux, two; Sylvester Moran, Kiln, three; Aaron Ladner, Sellers, four; and Herbert Brown, Catahoula, five years.

Mr. Baker was appointed to serve as trustee at Logtown for the next five years.

The appointment of a trustee for Gulfview School will be made at the next meeting, Superintendent of Education Kenneth McCarty said.

MAP OF LANDING RAMP SUBMITTED TO LOCAL C. OF C.

August J. Scaffidi, chairman of the C. of C. landing ramp committee said this week that an ownership plat and topographic map of the proposed site for the ramp was submitted to the Chamber of Commerce at its meeting Monday night by Lucien H. Raymond, local surveyor.

It was proposed that the construction of the facility be staggered in three or four phases.

Scaffidi added that ownership plat indicated part of the land required was the property of Dan M. Russell local attorney. When contacted Tuesday, Mr. Scaffidi said Mr. Russell stated he would cooperate in every way possible and would give an easement on the entrance to the proposed landing. This would be made with a provision that certain precautionary measures "insuring the retention by the Yacht Club of all rights and privileges to the north bank of their present boat harbor and the launching facility would be retained for public use and no commercial or profit-making enterprise would be permitted in the area."

Mr. Scaffidi and Mr. Raymond also conferred with Commodore J. E. Erwin and past commodore Henry Chapman of the Bay-Waveland Yacht Club and presented them a copy of the ownership plat for the club.

Scaffidi said he had been invited by Commodore Erwin to attend the Yacht Club Board meeting Friday, March 11, to discuss additional plans concerning the proposed ramp.

Thomas Logue Tells Of Interior Furnishings For New Hospital

Mr. Thomas Logue, Hospital Administrator, described in detail the interior and furnishings of the new hospital which is scheduled to open shortly at a meeting of the Hancock County General Hospital Women's Auxiliary Monday afternoon. The meeting was held at the home of Mrs. Leo W. Seal.

Mr. Logue stated that in addition to the excellent equipment the local hospital now has, more of the most modern equipment will be added. Among these will be the ultra-microbe Analytical System, a machine which determines within a matter of minutes the results of a blood sugar test and a cholesterol test. Heretofore these tests involved a great deal more time, Mr. Logue added.

Mr. Logue also said he hoped the hospital would be able to add to its equipment list an Isotope which would add greatly to the care of prematurely born infants in the nursery. This, he continued, could make an excellent project for an organization to donate to the hospital.

Mrs. Lucille Weeks, program chairman, introduced the speaker for the day, Mr. Charles Thomas, who discussed the history of drugstores' Show Globes, or the beautiful old glass one, two and three decker globes containing colored liquids. Mr. Thomas stated the globes had signified the existence or non-existence of the plague and were placed in the Apothecaries Window in order to warn the old coach drivers whether they should stop or bypass a town in ancient times.

In other words, Mr. Thomas stated the drugstore's colored globes were then what the neon or electric sign is to modern society today.

A bill was approved for payment of materials used in the building of Hancock County General Hospital's attractive float in the Carnival Parade.

Thirteen members were present at the meeting, and Mrs. A. P. Smith, president, announced the net meeting will be held Monday April 4, at the Felicity Street home of Mrs. J. R. Shadoin.

Mr. Logue also said he hoped the hospital would be able to add to its equipment list an Isotope which would add greatly to the care of prematurely born infants in the nursery. This, he continued, could make an excellent project for an organization to donate to the hospital.

Convene Circuit Court Monday; List Jurors

ARMY GROUP IN SEARCH OF LANDING FIELD LOCATION

A group of army officers, headed by New Orleans Mayor de Lesseps S. Morrison, commanding officer of the 377 Transportation Terminal Command, were here Saturday with equipment including two amphibious ducks in an effort to find a suitable location for landing operations. The ducks which can travel 50 miles per hour on land and approximately five miles per hour on water, made several embankments and landings from sites on Bayou Caddy, Clermont Harbor and Bay St. Louis.

August Scaffidi, with A. G. Dantagnan of the local Chamber of Commerce, met the group and showed them the likely sites for maneuvers; Mr. Scaffidi said the Bordages Brothers, owners of Bordages Fishing Camp, offered their facilities, but the ground was too soft at that point. Morrison said the group had inspected the coast line from Florida to Houston, Texas, and were of the opinion that Hancock County's coastal area was the most suitable.

Morrison, Scaffidi added, favored the beach in the vicinity of the American Legion Home as a base of operation and a definite decision should be reached within the next two weeks.

If plans are approved approximately 1,000 men will be bivouacking on 16th Section land at Jackson Ridge for U. S. Army Reserve training maneuvers August 14 through Sept. 19.

Dantagnan, Chamber of Commerce president, witnessed the maneuvers conducted last year on Ship Island.

HELD IN COUNTY JAIL AWAITING J. P. HEARING

Thurman B. Deschamps of Fenton, Miss., who was tried Monday in Beat 5 Justice of the Peace Nelius Rhodes' Court, is being held in the County Jail.

Deschamps was arrested by City Police Officer Lathan Garriga Sunday night about 9:30 at Frosty Inn, after his car struck an 11 year old boy.

Garriga said Deschamps, who was operating a 1946 Ford ran into the sidewalk at the Frosty Inn and struck Jack Feigel of Rt. 2 Old Spanish Trail, Bay St. Louis, who suffered an injured leg. The boy was brought to Hancock General Hospital for treatment and was later released.

Deschamps plead guilty to a charge of reckless driving and driving while under the influence of intoxicating beverages and was fined and given a 60 day jail sentence by Judge Rhodes.

He entered a plea of not guilty to a charge of having untaxed whiskey in his possession, Judge Rhodes said.

Garriga was assisted in his investigation by City police officers Julius Weber and Raoul Telhiard.

ATTENDS SELECTIVE CLERKS' SERVICE MEETING

Mrs. Joseph Zengaring, clerk of the local Selective Board, attended a clerks' meeting in the

SENIORS OF SJA TO LEAVE ON TRIP TO WASHINGTON

Seniors of St. Joseph Academy will leave Slidell, on the South-erner at 7:48 a. m. March 11 for Washington, D. C.

Arriving in Washington at 7:50 a. m. Saturday, they will visit the Shrine of the Immaculate Conception, the Franciscan Monastery, the Smithsonian Institute, Museum of Natural History, National Gallery of Art and the Washington Monument.

Sunday the group will attend Mass at St. Patrick's and go on a tour of the city, visiting buildings of major interest. Stops will be made at the Lincoln and Jefferson Memorials and the White House. Following noon luncheon they will continue their tour stopping at Mt. Vernon, Historic Alexandria, Lee Mansion, Arlington National Cemetery, Tomb of the Unknown Soldier and Memorial Amphitheatre.

A movie or stage play is on the itinerary following dinner at O'Donnell's famous seafood grill. Monday following breakfast, they will visit the Bureau of Printing and Engraving, tour of the U. S. Capitol, FBI Building, Wax Museum.

Placed above are members of the 144th Transportation Co. National G. Inspection March 7th. Major Bridges "Bird" from right of front, second here for the inspection.

COUNTY AGENT'S NOTES

O. S. MORRIS
County Agent

SALE
Don't forget the sale of performance tested bulls to be held at Mississippi State University, March 10th. The sale begins at 1 p. m.

Bulls to be sold are the top grading and top grading two-thirds of some 74 test. Breeds include Shorthorn, Hereford, Polled Hereford, Angus and Santa Gertrudis. They will range from 15 months old to 18 months.

The bulls are not highly fitted but are in good, growthy condition.

MARCH PASTURE JOBS

Move all cows from small grain that you are growing for grain harvest.

Now is the time to nitrate your small grain that has not been already nitrated. Use 40 to 50 pounds per acre.

If you plan to cut oats for hay and want high production, it will pay you to apply around 40 pounds of nitrogen to the acre. If you just want medium production do not nitrate.

Fertilizer established Coastal

herds in hilly areas with soil as fertile as the Delta, use only nitrogen. Fertilize your permanent pasture with phosphate and potash, using at least 60 pounds of each to the acre.

FERTILIZE YOUR POND

If you properly fertilize your farm pond it will produce four to six times as many pounds of fish to the acre.

Begin fertilizing your pond in the early spring and continue as needed into fall.

At weekly intervals apply 100 pounds to the acre of mixed fertilizer that contains equal parts of nitrogen and phosphorus. 8-8-4. Apply fertilizer until the water becomes greenish or brownish. A sample test would be to place your hand down in water up to your elbow. If you can't see your hand you have plenty of fertilizer in the water.

Here are some "don'ts": Don't fertilize a pond that has a lot of water running through it all the time. Do not fertilize during the winter and do not fail to fish the pond a plenty!

CORN PRODUCTION

Corn yields of 20 to 30 bushels to the acre are not economical. To get higher yielding corn selection of good corn is the first step.

The only way to make high economical yields is to start with the right kind of land and manage it well.

On fertile well drained soil that is properly prepared, farmers can grow 60 bushels of corn to the acre for a cost of around 80 cents a bushel. This includes cost of land rent, labor, fertilizer, seed, machinery, depreciation fuel, taxes and insurance.

Do a good job of soil preparation before planting the corn, that is do most of the work before planting. If you do this you considerably reduce the amount of labor needed later.

Flat break the land and then harrow into a firm, well pulverized seedbed. This is the way to grow corn.

Supplement To Livestock Theft Bureau Brand Book Being Prepared

A supplement to the present Mississippi Livestock Theft Bureau brand book is being prepared at this time.

State cattlemen who have not previously recorded brands and who wish to do so are requested to contact the livestock theft bureau immediately if they want their brands included in the forthcoming 1950 brand supplement.

According to Public Safety Commissioner Tom Scarborough, applications may be obtained from any county agent, sheriff's office or by writing directly to the Mississippi Livestock Theft Bureau, P. O. Box 955, Jackson.

State laws require that all brands must be recorded once each five-year period. Failure to re-record the brand at the end of the five-year period makes further use of the brand illegal and the unregistered brand pattern becomes available to any rancher or cattlemen wishing to legally record it with the brand office.

Since 1952, brand office records indicate that more than 95 per cent of cattle stolen do not bear a brand of any kind; therefore branding is encouraged by the livestock theft bureau.

According to Livestock Theft Bureau Director W. A. Speights of Madison, a cattleman should first "clear" a brand pattern with the brand office, making sure the iron has not been previously recorded by another person. After the brand has been cleared and the actual iron manufactured a burned impression from the hot iron must be submitted on a blotter card to the livestock theft bureau along with a two dollar (\$2.00) registration fee.

The present five-year brand registration period extends from July 1, 1957 to June 30, 1962.

Bay High Senior Wins Scholarship To PRJC

Poplarville, Miss.—Six High school seniors won scholarship awards at Pearl River Jr. College during the annual Senior Day program based on the highest scores made on the achievement tests given that day.

The students who won the awards to attend P. R. C. which are presented each year by Sidney Tonner of Poplarville and New York are Bill Watts of Bay St. Louis High School, James L. McCarter of Lumberton high school, Ledon Lampton of Columbia high school, Janice Speights of Bassfield high school, Doris Lofton of Oak Grove high school and Dorothy Day of Hub high school.

According to Dean R. L. Johnson more than 500 students from the surrounding area visited P. R. C. making it the largest attendance on record.

FIFTH ANNUAL MISS. SECRETARIAL INSTITUTE AT JACKSON

University, Miss.—The Fifth Annual Mississippi Secretarial Institute will be held in the Robert E. Lee Hotel in Jackson on March 12. This Institute is sponsored by the Mississippi Chapter, National Secretaries Association and the University of Mississippi.

This Institute was designed to attract those persons employed in a secretarial position as well as other interested businesswomen. Some of the topics to be presented will be: "Every Man A Debtor to His Profession," "Let's Review, Refresh, and Revitalize Our Methods," "Your Legal Responsibilities (Nobody Expects You to be a Lawyer But...)" and "Work Simplification."

Program personnel selected by the planning committee include: Miss Delores Craft, CPS, Member, Institute Planning Chapter, NSA, Jackson; Mr. W. M. Jones, Jr., Director, Department of Conference and Institutes, The University of Mississippi; Mrs. Joy Spears, President Malabouchia Chapter, NSA, Jackson; Dr. Earl G. Nicks, Department of Business Administration, Monmouth College, West Long Branch, New Jersey; Mrs. Pearl G. Gathright, Instructor in Office Administration, The University of Mississippi; Mrs. Beatrice Tuit, CPS, Chairman, Institute Planning Committee, Malabouchia Chapter, NSA, Jackson; Mrs. Kit Kennedy, Member Institute Planning Committee, Malabouchia Chapter, NSA, Jackson; and James K. Child, Attorney, Jackson.

Registration for the Institute will be conducted in the Lobby

Observe Girl Scout Week, March 11-17

Mrs. Leonard Stocker, president of the Gulf Coast Girl Scouts Council, said today that 3,642 girls and 662 adults in the council will observe Girl Scout Week, March 11-17.

The girls in this area, which comprises 15 counties, can be counted on to give service, to be prepared to face life and its emergencies and to become useful citizens of the future.

Forty eight years ago on March 12, 1912, in Savannah, Ga., one woman and a small group of girls held a meeting and started

something that today teaches the lives of three and a half million girls Mrs. Stocker said.

The women was Juliette Low and the group of girls was the first Girl Scout troop in the United States. That the organization has vitality is proved by the ever-increasing number of girls and adults.

Continuing Mrs. Stocker stated that belonging to a Girl Scout troop is fun but beyond that are opportunities to be of service, to become acquainted with the world in which we live and to learn how to live with other

people. The program and laws which motivate the first troop are valid and meaningful today.

During each day of this week Girl Scout Week, members of the Gulf Coast Council's troops will illustrate some aspect of scouting which emphasizes the 1950 theme, "You Can Count on Her To Be Prepared."

The week's schedule of Scout events is scheduled as follows:

March 11, Sunday, Duty to God, Monday, Homemaking, Tuesday, Citizenship, Wednesday, Health and Safety, Thursday, International Friendship, Friday, Arts and Crafts, Saturday, Out-of-Doors.

March 12, Sunday, Duty to God, 8:00 until 9:00 a. m. and the first session will follow immediately at 9:00 a. m.

The one-day program will adjourn after the appropriate announcement have been made at 4:15 p. m.

For further information about this Institute direct your requests to The Department of Conference and Institutes, University, Mississippi.

of the Robert E. Lee Hotel from 8:00 until 9:00 a. m. and the first session will follow immediately at 9:00 a. m.

North Central Plays Saturday At Jackson For State Title

North Central of Hancock County, on the 5-BB boys' basketball team, will play a 1953-54 Saturday night at Decatur, Ga. The team, coached by Coach F. J. Yarbey, defeated the 1952-53 team in the state semi-finals.

The Hawks had little difficulty in improving in the semi-finals. With a 21-11 lead in the quarter they were never threatened. They led 38-16 at the half and went into the final frame with a 54-31 score.

James Neel was top scorer for the Hawks with 20 points. Barney Neelaise with 11 and Neelaise with 10 were runners-up. Watts was high for the Hawks with 27 points.

The championship contest at Pelahatchie, North Central got away to a fast start and led 19-14 at the end of the first quarter, 28-16 at the half and 55-38 going into the final quarter.

Five North Central players double figures. Donald Neel led the score with 25 points. Douglas and Barney Neel had 14 each and John Neelaise 11 each.

James Neel led the scoring for Pelahatchie with 17 points and will have had 16. North Central will meet Clinton, the A.A.A. boys' king in Jackson, City Auditorium Saturday to decide the year-end boys' champions of Mississippi high school basketball.

Miss. Youth Safety Conference To Convene At Jackson

Jackson, Miss. (Special) — The Fourth Mississippi Youth Safety Conference under the sponsorship of the State Department of Education will convene in the Heidelberg Hotel, Jackson, with the opening session getting under way Friday morning, Apr. 18, and running through noon Saturday April 19, highlighted by a banquet and entertainment Friday night. A. P. Smith, Director of Education is in general charge of the conference by designation of State Superintendent of Education J. M. Tubbs.

Mr. Henry Morgan, State Safety Supervisor of Louisiana, will participate in the two day event, convening for the purpose of considering these problems and their solutions in the areas of Home, School, and Traffic Safety, discussions being conducted in small groups under the leadership of student chairmen.

Two delegates from each white high school in Mississippi along with the presidents and other officers of each State Youth Organization are invited to attend. A total of 339 students and leaders representing 127 schools in 65 counties attended the 1959 Conference and about the same

number were on hand for the 1958 meet. These are the student officers for the Fourth Conference: President, Bobby Gordon, Vicksburg; Vice-President, Jerry Wagner, Laurel; Secretary, Carolyn Anderson, Ripley; District Vice Presidents are Judy Morris, Columbus; Jerry Aubrey, Hickory Flat; Jimmy Parkinson, Greenwood; Amanda Smith, Forest Hill and Betty Gayle Waller, Shubuta.

Southern Bell Annual Report Received In Bay St. Louis This Week

The impact of Southern Bell Telephone Company's operations on Mississippi's and the South's economy is illustrated by the firm's 1959 Annual Report received in Bay St. Louis today.

As the year ended there were more than 405,000 Southern Bell telephones in the state, 36,000 more than at the close of 1958. This was the largest gain in Mississippi in any one year of Southern Bell's operations in the state.

The Company payroll in Mississippi was \$19,173,000 for 1959, the report shows. Employees, spread over 85 per cent of the state, numbered about 4,400. Taxes paid to federal, state and local agencies totaled approximately \$10,200,000.

In Mississippi Southern Bell serves Bay St. Louis and 159 other exchanges.

President Ben S. Gilmer, in making the report for the directors, disclosed that in the South as a whole, a new record was set when more than 550,000 Southern Bell telephones were added in 1959, a new high by some 78,000 telephones. Of these 215,000 were resident extensions, reflecting the trend toward more telephones in each home.

The number of Southern Bell telephones more than doubled in the past ten years which the report described as "our busiest decade." The Company now operates more than 6,825,000 telephones compared to about 3,000,000 at the beginning of the 1950s.

Local calls made over Southern Bell telephones in the single year 1959 averaged nearly 42

million daily, nearly 18% million more than a decade ago. Long distance calls averaged over the million daily doubled the number a decade ago.

The Company in its nine-state territory constructed \$206 million of new facilities, equivalent to a "million-dollar plant" each working day. Construction totaled \$250 million in 1959.

Southern Bell's wage costs for the year totaled \$333,800,000 up \$23,400,000 over 1958. The Company has 68,000 employees. Tax payments to federal, state and local agencies in 1959 amounted to nearly \$168 million. This does not include the nearly \$68 million in federal excise tax on telephone service paid by customers. Total taxes amounted to \$2.96 per telephone per month.

The report stated that the per-share earnings of \$1.89 while at a slightly higher rate than for 1958, were short of what they should be and were below the level of other businesses generally, regulated and non-regulated.

J. Roland Weston Is Appointed On State Forestry Committees

J. Roland Weston of Bay St. Louis is serving as a member of the 1960 Forestry History and Legislative Committees of the Mississippi Forestry Association, according to R. S. Taggart of Crosby, MFA President.

Taggart explained that much of the work of the MFA is carried on through its committees which are composed of farmers, bankers, teachers, foresters, representatives of the state's wood-using industries and persons from many other walks of life.

"The MFA," Taggart said, "is vitally interested in seeing Mississippi realize its \$1 billion forest potential." Working toward this objective, he pointed out, the MFA has expanded its over all program to include 19 committees. These committees, Taggart said, are active in forestry legislation, tree farming, youth conservation schools, contests, ladies conservation activities, hardwood development, exhibits, and other programs.

"The MFA's committees work

Methodist Church In Seashore District

The Methodist Church of the Seashore District is in the midst of a joint evangelistic campaign known as The Total Enlistment Mission. This program will continue this Easter Sunday, April 19th. During the Mission each church will have a week of evangelistic services, either April 2-8 or April 10-15.

Lay speakers are being widely used so that every church, down to the very smallest, will have a service each Sunday during the Mission.

A vital part of the program includes the covenant most church members have made to attend church regularly during the Enlistment Mission. Many churches are also having family group meetings each Wednesday night in the homes of their members.

The purpose of the program is to totally enlist persons for Christ and His Church. Emphasis is being placed not only on regular attendance at church, but on witnessing, prayer life, stewardship of material possessions, willingness to serve and the use of influence in every area of life for Christ.

This program is sponsored by the Mississippi Conference Board of Evangelism. It is directed in the Seashore District by the District Committee. For the total Enlistment Mission, composed of the following persons: the Rev. T. O. Prewitt, District Superintendent of the Seashore District; the Rev. C. S. Schultz, Seashore District Secretary of Evangelism; the Rev. Lamar Martin, the Rev. Aubrey C. Walley, and the Rev. Inman Moore, Jr., Chairman of the Committee.

Emphasis is being placed on Day of Dedication, March 6, 1960, greater church attendance March 13th, through April 17th, 1960, and Personal Evangelism.

In close cooperation with all state and federal agricultural and forestry agencies in planning and conducting their programs," Taggart concluded.

HATCHERY PRODUCTION
Commercial hatcheries in Mississippi produced 10,311,000 chicks in January, 1960. This was 17 per cent more than in January 1959. Broiler-type production totaled 10,043,000 chicks and accounted for over 97 per cent of the state hatchery production. Production of broiler-type chicks in January 1959 was 8,303,000.

Guest Speaker At Town and Country Garden Club

Mr. McCandless Gulfport nursery man, was guest speaker at the recent meeting of the Town and Country Garden Club at the home of Mrs. S. K. Kepner with Mrs. W. W. Glossinger, president presiding.

Mrs. McCandless discussed ways of improving varieties and growing camellias. Following his discussion a question and answer session was held. The speaker displayed some of the many varieties of camellias he grows.

Mrs. Kepner award chairman, announced the winner of the Garden of the Month was Mrs. R. M. Teague with Mrs. James Tonnas runner-up.

Mrs. Teague chairman of the nominating committee presented the following nominations for officers for the coming year. Mrs. Glossinger, president; vice-president, Mrs. Joseph Daly; secretary, Mrs. S. P. Kepner and treasurer Mrs. A. J. Butz.

The attendance prize was won by Mrs. A. J. Chagnard. Following the business meeting a social hour was enjoyed by the group.

The next meeting will be held at the home of Mrs. Charles Ferry.

D. E. STEVENS HELD PENDING APPEAL

D. F. Stephens who faced a preliminary hearing in Justice of the Peace Hovey's Court Monday, is being held in Hancock County jail pending an appeal to Circuit Court, according to Sheriff Gerald V. Price.

The sheriff said Stephens was apprehended and charged with operating a vehicle with improper tag.

The tag, he added, was one recently stolen from a car belonging to Elliott Casanova.

The case was investigated by Constable H. G. Dean Beat 1, and by Deputy Sheriff Nolan Kingston.

McDonald's Traveling Museum

University, Miss. — A traveling museum showing prehistoric man of about 10,000 years ago, and a prehistoric tour of Mississippi, was on display at the University of Mississippi.

The "Town and Atom" exhibit has been assembled by the United States Atomic Energy Commission at Oak Ridge, Tenn. As part of its countrywide tour it will appear in 22 Mississippi towns jointly sponsored by the local Junior Chamber of Commerce and the University of Mississippi Extension service.

In addition to the mobile exhibit of atoms at work in medicine, industry and agriculture, a lecturer will be available for talks to civic clubs and schools. All scheduling of appearances in towns and their adjacent areas is made through the Junior Chamber of Commerce.

Opening its showing at Oxford on March 16 through 18, the itinerary of the Atom exhibit is as follows: Pontotoc, March 19; Tupelo, March 22; Houston, March 23; Starkville, March 24; Columbus, March 25; Meridian, March 26 through 28.

Laurel March 29-30; Hattiesburg March 31, April 1-2; Lucedale, April 5; Pascagoula, April 6-7; Biloxi, April 8-9; Gulfport, April 11-12; Columbia, April 13; McComb, April 14; Natchez, April 15-16.

The real price of a quart of milk—that is the amount of work you have to do to purchase it—has steadily declined over the years. Studies show that in 1959, a quart of milk cost the average person only about 7 minutes of working time, while back in 1890 — when everything was thought to be cheaper than today—a person had to work nearly a half hour to earn his daily quart of milk!

A more complete report is published in the March issue of Mississippi Farm Research available on request from the Experiment Station at State College.

Use of Liquid Fertilizer

In deciding between solid and liquid fertilizers, farmers should consider (a) cost of the fertilizer nutrients, (b) availability of equipment for handling, storing and applying liquid fertilizer, and (c) labor requirements.

Use of liquid fertilizer has increased rapidly in the United States since the direct application of anhydrous ammonia was made practical. More recently nitrogen solutions like urea and ammonium nitrate solution have gained wide acceptance. Interest has also developed in complete fertilizers in liquid form. These fertilizers contain potassium and phosphorus as well as nitrogen.

In the experiments, which were conducted at the branch stations at Brooksville and Holly Springs, the liquid fertilizer was placed 4 to 6 inches below the surface. However, placement by tractor mounted equipment 2 to 4 inches to one side or 2 to 4 inches below the seed row would also be satisfactory.

A more complete report is published in the March issue of Mississippi Farm Research available on request from the Experiment Station at State College.

LEADERS ARE NOT BORN...THEY ARE MADE

Boys and girls are the greatest asset of our state. Only a few years from now, they will take over the leadership of business and industry, government and education. In our opinion, there is no such thing as a "born leader." Our leaders of the future will be developed from boys and girls in all walks of life.

4-H Club activities are helping to develop qualities of leadership that will make better citizens...through the Junior Leadership Program sponsored by United Gas. Thousands of older 4-H Club members are taking part in this program, and we are honored to have this opportunity to share in the 4-H Club movement.

is hereby approved.

In testimony whereof, I have hereunto set my hand and caused the Great Seal of the State of Mississippi to be affixed.

This Twenty-fourth day of February, 1960.

(GREAT SEAL)

NEW MANUFACTURER AT BATESVILLE
A "Happy Production" cake highlighted a celebration of the first "girdles" to be manufactured in Mississippi. They were made by Batesville Incorporated of Batesville, a new company occupying a 15,000 square foot building built with a bond issue voted on by the citizens of Batesville under the "Balance Agriculture with Industry" program. The company expects to employ sixty operators by August, 1960, and one hundred by the end of 1960.

The faster a child grows, the more milk he should drink. After leaving grade school the daily quart should be increased to not less than a quart and a half.

Chit-Chat

By HEP CAT

Readers are all excited. They will have Friday morning via the "Southern" from Miami on a wonderful trip. Saturday, Sunday and Monday will be spent touring Washington. Tuesday they will begin an all-day sight-seeing tour of New York, stopping at a number of interesting spots. Wednesday they will go ice skating at Rockefeller Center. Stay on four reel girls. They also plan on seeing the Broadway show, "Flower Drum Song" Thursday. According to the schedule, the group will leave New York Friday evening and a happy trip may be predicted, tired class will arrive at Slidell Saturday at 7:04 p. m. Bon voyage girls. Need I say, enjoy yourselves. Sisters Jean and Adrian, Mrs. Joseph Colson and Mrs. Donald Lachner will be chaperones.

GARY MERRILL NARRATOR

"Rhapsody Of Steel" At A & G Theatre Sunday And Monday

At the voice of the narrator of "Rhapsody Of Steel" sounds familiar to you're right. It belongs to Gary Merrill. And you undoubtedly recall hearing and seeing Gary in "Twelve O'Clock High" and "All About Eve."

American Legion AUXILIARY

The regular monthly luncheon of the Ladies Auxiliary of the Bay-Waveland Yacht Club will be given at the Club on Wednesday, March 16th, at 12 noon. Mrs. Ernest Allgayer, Chairman, announced today.

Co-hostesses for the luncheon are: Mrs. N. L. Carter, Mrs. H. A. Eldridge, Mrs. Walter Ger, Mrs. Horace Kargosien, Mrs. Ernest Landolphe, Mrs. Jos. Martinez, Mrs. J. R. Scharff and Mrs. E. N. Spence.

STARTS SATURDAY AT LEGION THEATRE

Aided by Edmond O'Brien, left, Robert Stack makes a last desperate attempt to free his wife, Dorothy Malone, who has been trapped by fallen debris in the cabin of a sinking ocean liner. The tense scene is from Metro-Goldwyn-Mayer's "The Last Voyage," filmed aboard an actual liner on the high seas off the coast of Japan. The Andrew and Virginia Stone Production, written and directed by Andrew L. Stone, also stars George Sanders and six-year-old Tammy Maritugh. It is in color and wide-screen.

Family Recreation

For good clean fun... Waveland Roller Rink... Friday & Sat. Nite 7-10 P. M. Saturday 9-12 P. M. Sunday - Matinee 2-5 P. M. Phone HO-7-5667 Waveland, Ave. H. Guenard, Jr.

SON BAPTIZED

Tracy Emile Blaise, son of Senior Chief USCG and Mrs. Leslie Emile Blaise was baptized Sunday, February 14, at the Church of St. Mary, Star of the Sea in Astoria, Oregon, with the Rev. Paul D. Malyska, pastor, officiating.

IN LOVING MEMORY OF FRANCIS THOMAS CREEL

Born March 5, 1908 Died March 7, 1952

There's a beautiful garden beyond the blue skies in the Heavens above his children's Godly Wherein dwells God with all of His children He loves He needed another Angel to tend His flowers so rare So he called you Tom Dear to your Heavenly home way up there It was so hard to part with the one we will always love But we bowed our heads and said His Will Be Done to the Great Creator above We miss you Tom Dear oh so much as the years go by We think of you so often as the tears fall and silently we cry But we still have the precious memories you left behind Of a loving son and brother who was so sweet and kind Those memories are ours forever to treasure and to hold Until the Lord calls us beyond the blue skies to His Eternal Fold. Sadly missed by MAMA, BERNICE AND CLARE Composed by Sis (Clare)
